Eric,

Tuesday the 11th would be best for DEQ as we are just now getting the plan distributed for internal review. Friday morning would be our second choice.

Matt

We need to settle on a date and time for this meeting. Jim cannot make Friday (true?), Jean cannot make Thursday (confirm), Bill Locke needs to leave by 11:30 am on Friday, and we have not really had time to review the report. I personally do not think we will be ready by Thursday. I think we should plan on Friday beginning at 8:30 or 9:00 and going as long as is necessary. If Bill needs to leave before we are finished, perhaps Todd Martin can cover. An alternative option is Tuesday the 11th.

Eric,

Not sure 3 hours will do it. We do not even have the report yet. I vote for longer meeting Thursday if possible.

However, I thought that Jim Anderson was NOT available that day. Did that change?

Also, Thursday would work for me, but I prefer not to have it start at 9 am. Any options on having it later?

Rene, here is the latest on a meeting time. Do you think that 3 hours will be enough time?

Eric

Early Friday works for me, but I will need to leave for the airport by  
11:30 a.m. If we got started at 8:30 I think we'd have enough time.

Thursday 10/6?

Eric and Chip -

We would like to pin down a meeting time late this week to review and  
finalize the transition-zone water sampling plans for the Addendum 2  
groundwater sites. I would like to propose 9 a.m. on Thursday. Please  
let us know if this date and time will work for you. Thanks.
